IRIS Reflector Achieves 2500'
The proprietary IRIS Reflector is the first of its kind in the LED market. With IRIS technology, a single 50 Watt LED is able to achieve unmatched distance and intensity with over 2500 feet of usable light.

25 Watt and 50 Watt Single Source LED
Vision X has teamed up with Luminus to offer the first single-source 25 Watt and 50 Watt LED powered lights.

Hybrid Aluminum Poly Carbonate Housing
The Light Cannon features a housing engineered with both aluminum for increased strength and poly carbonate to reduce weight.

Universal Single Bolt Mounting
Designed for simple installation, the LED Light Cannon features a sturdy, single-bolt universal mounting system.

Standard Form Factor
The Light Cannon LED combines the benefits of LED lighting, including low power consumption and 50,000 hour lifespan, with the standard form factor of a traditional HID or Halogen light.

Multiple Configurations
With 13 available covers for the Light Cannon, multiple configurations are available including euro and flood beam covers as well as amber, red, blue, clear and black covers for different conditions.

4.5" LIGHT CANNON LED DISTANCE COMPARISON

	88' LOW BEAM FACTORY HEADLIGHT
	153' HIGH BEAM FACTORY HEADLIGHT
	1000' USABLE LIGHT!
1000' LIGHT SINGLE 4.5" CANNON LED, NO FILTER	

Available Cannon Kits

- Includes:**
2x Two Lights
1x Two Light Wiring Harness

4.5" Cannon Cover Matrix

Available Cover Colors

Clear Covers
The clear polycarbonate cover provides protection from the elements while out on the trail or on the dunes. Clear covers are also available in euro and flood configurations.

Blue Covers
The blue polycarbonate cover optimizes the Cannon for driving on snow. Blue covers are also available in euro and flood configurations.

Yellow Covers
The yellow polycarbonate cover optimizes the Cannon for driving in heavy fog by removing the blue light waves to reduce glare back at the driver. Yellow covers are also available in euro and flood configurations.

Red Covers
The red polycarbonate cover optimizes the Cannon for driving in heavy dust by penetrating particulate in the air. Red covers are also available in euro and flood configurations.

Black Covers
The black out covers allow for street legal applications and operate as a safety indicator by glowing in the dark.

Available Cover Beams

Protective Cover
Transparent polycarbonate covers provide increase protection for Light Cannon from harsh conditions.

Euro Cover
The flat horizontal beam is designed to provide both peripheral and forward lighting while staying out of the eyes of oncoming traffic.

Trail Flood Cover
The Trail Flood beam pattern is designed to illuminate from the bottom of the ditch to the tree tops while trail riding. This low speed flood lights upcoming trail hazards.

COLOR	Black	Black
INCLUDES	1 Light & Pigtail	2 Lights & Harness

Technical Information

WARRANTY	Extended
RAW LUMENS	3,200 lm
EFFECTIVE LUMENS	2,240 lm
WATTAGE	50
WEIGHT	5.51 lb/2.5 kg
LED LIFESPAN	50,000 Hours
DIMENSIONS	6.70" x 6.30" x 8.82" 170 mm x 91.4 mm x 224 mm
INPUT VOLTAGE	11-65V DC
AMP DRAW (12V)	4.17A
IP RATING	IP-68
VIBRATION RATING	15.6 G
OPERATING TEMP	-40 Celsius ~ +85 Celsius

Features

- Kits with Two Lights and Harness Available
- First of its Kind Single Source 50 Watt LED
- Ultra Lightweight Hybrid Construction
- Weatherproof Deutsch Connector
- Advanced Heat Sink Design
- Polycarbonate Lens
- Patent Pending
